To Unlock Cap

Turn locking mechanism to open position.

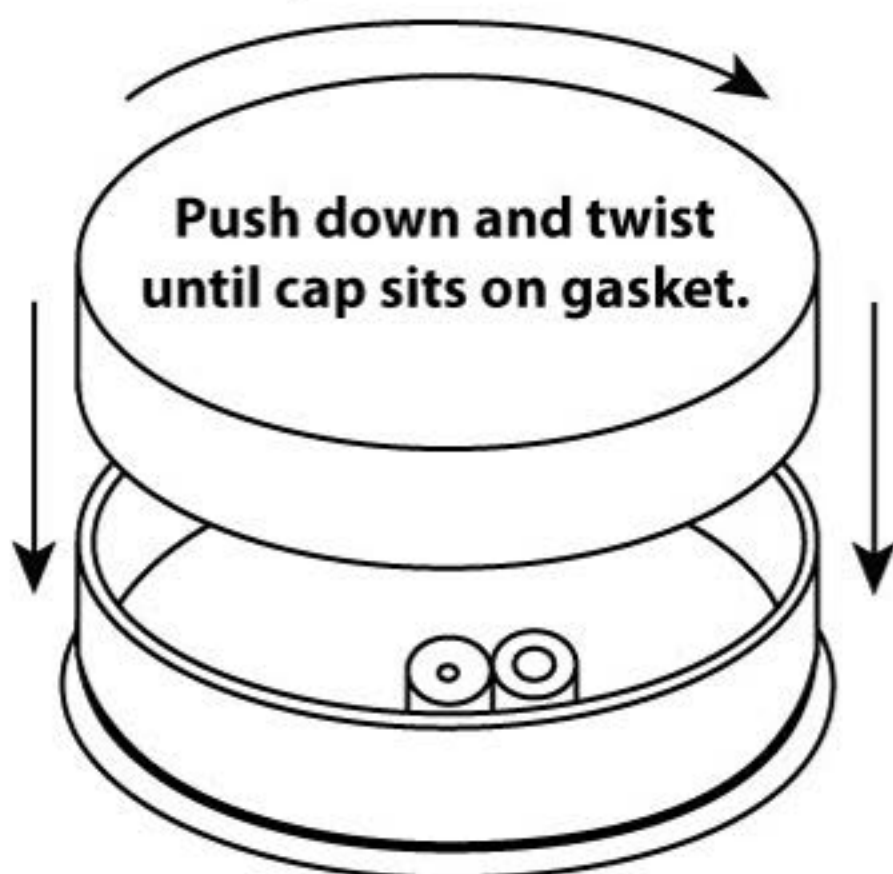

To Take Cap Off

Pull up and twist until cap is off.

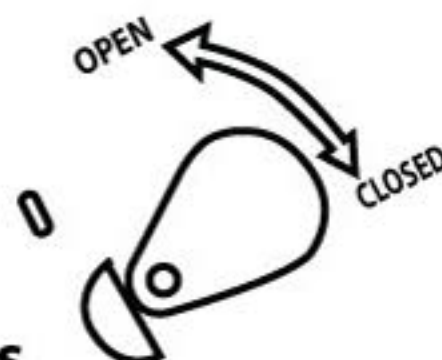

To Put Cap On

Push down and twist until cap sits on gasket.

To Lock Cap

Turn locking mechanism to close position.

For Best Results

Avoid turning locking mechanism 360 degrees. Keep within arrow area.

Where cap and body meet - Keep this area clean for easy open and close operation.

Do not remove gasket - Gasket helps to seal in odors.
