

# The Ultimate Vaporization Experience

PAX®

# Our Mission

Since 2007, PAX Labs has been dedicated to elevating the standards of portable vapor technology. With over **1 million** devices sold, PAX applies advanced technology and intuitive design for an unforgettable vapor experience.

---

# About Vaporization

---

**Vaporization** gently heats materials releasing active ingredients, when inhaled, in the form of a smokeless vapor. A vaporizer preserves your materials and keeps them below the burning point for a smooth and flavorful experience, every time.

# Features

---

## Beautifully Designed

Designed with discretion in mind and easily fits in a pocket.

## Premium Quality

Built with the highest-performance materials, the latest in heating technology and battery capabilities.

## Supremely Intelligent

Precise temperature controls produce flavorful and consistent draws, with simple communicative LED lights.

## Best of Both Worlds

Whether you prefer loose leaf plant material, concentrate form or both, we have a PAX for you.
