

HUMIDITY

REGULATOR

AT

55% OR 62%
RELATIVE
HUMIDITY.

INTEGRA BOOST®:

- Extends shelf-life
- Retains weight
- Prevents mold and over drying
- Less monitoring and zero burping
- Preserves organoleptic and medical properties
- Maintains aroma and flavor of herbal medicine
- Non-Corrosive Solution. Does not contain salts.

RECOMMENDED SIZES:

4g of Integra Boost®
up to 12g of plant

8g of Integra Boost®
12g - 28g of plant

67g of Integra Boost®
up to 450g of plant

**There is no harm in using multiple packs to introduce moisture faster. BOOST® packets will adapt and respond accordingly. *Please note, when new humidity is introduced into the container (due to opening) Replacement Indicator Card will react (turning dot blue). Upon resealing the container, it will stabilize and dot will return to lavender.*

INDIVIDUALLY PACKAGED
TO STAY FRESH LONGER!
